

european network  
of transmission system operators  
for gas

# WS III meeting

## Introduction

**Stephan Kamphues**  
**ENTSOG, President**

Rome – 17<sup>th</sup> Sep 2014

# Introduction

***Welcome !***

## ***Current geopolitical situation and way forward***

- Truly unacceptable state of affairs
- A positive spiral of de-escalation urgently needed
- Energy should not become a tool in political conflicts
- Continuation of the dialogue in difficult environment

“Much unhappiness has come into the world because of bewilderment and things left unsaid.”

— Fyodor Dostoyevsky

“Mankind's greatest achievements have come about by talking and its greatest failures by not talking. It doesn't have to be like this.”

— Stephen Hawking

# Introduction

***Scope of the meeting: EU platforms for accessing gas market and collecting information***

**>Existing platforms offer:**

- Commercial and operation information on gas infrastructure
- Historical data and future contracted values
- Tools for downloading data
- Tools for graphical presentation
- Tools for participating in the market
- User friendliness

**>Platforms are an important integral for the realization of the European internal market**

- No discrimination to users regarding information
- Rules that promote access of new entrants
- Realization of network codes' requirements

# Introduction

## *ENTSOG role:*

### > **ENTSOG:**

- Works on the harmonization of rules
- Promotes transparency and no discriminatory access
- Supports its members in the implementation phase of network codes

### > **ENTSOG is working on a European-wide early warning system regarding supply shortages**

- TSOs are building cooperation tools for information exchange and crisis handling
- Involvement in discussions from Gasprom dispatching is necessary
- Upcoming winter problems might be a good chance to improve cooperation of TSOs
- TSOs hope that political situation will not affect gas supplies

# Thank You for Your Attention

Stephan Kamphues  
President
